

MARDI MICROBIAL CULTURE COLLECTION DEPOSITION DATA SHEET (BACTERIA AND ARCHAEA)

DEPOSITOR

Scientist's name: _____

Scientist's title: _____

Organization: _____

Address: _____

Tel: _____

Fax: _____

E-mail: _____

Data supplied on this form will be recorded in the MMCC database and be cited in part in the MMCC Online Catalogue of Strains/Isolate. Please fill in the items below and the next page, and affix Scientist's signature on the next page to indicate that the information is accurate and that you agree to make the strain available to the research community. **Items 1, 2, 4, 5 (if you isolated the strain), 9, 10, 11, 15, the Scientist's signature and the date are mandatory.**

1. Scientific name, author(s) and year of publication:

2. Principal synonyms / name change, author(s) and year of publication:

3. Other culture collection designation(s) (if deposited elsewhere):

4. Country of origin: _____

5. Isolation data:

Isolated by (name) _____ Date: _____

Source / locality _____

Identified by (name) _____

Strain/isolate No. (by depositor) _____

6. Is this the type strain?

Yes

To be submitted for a new taxon new species new subspecies

No Any description about the nomenclatural status of the strain is very much appreciated.

7. Is this strain genetically modified microorganism?

Yes Please attach relevant document(s) for the Legally Required Information for Living Modified Organism

No Please attach publications describing this microorganism

8. Recommended medium and growth condition (Please attach a data sheet of the detailed formula):

Medium _____

Temperature _____ °C aerobic anaerobic other conditions

Specify the medium for a special purpose (sporulation etc.), if necessary.

9. Recommended method(s) for long-term preservation:

Freezing Freeze-drying L-drying other _____

10. Is this strain pathogenic?

Yes no unknown

If yes, please specify the host organism(s).

Biosafety Level (Risk Group): 1 2 Not known

According to: _____ depositor's recommendation

11. Accession number of 16S rRNA gene sequence: _____

Released

Not released yet. Please send the data to mmcc@mardi.gov.my in a text format.

12. Other data (taxonomy, physiology, ecology, phylogeny, application, etc.) of the strain.
(Please cite the reference number corresponding to 13):

_____.

13. References (reprints will be appreciated):

(1) _____

(2) _____

(3) _____

(4) _____

14. Comments:

15 When do you wish the strain to be released to the public?

Immediately after completion of the process for accessioning and distribution of the strain/isolate MMCC.

After a paper describing the strain is published (including a paper in press appearing online). In any case, the strain will be made accessible to the public after a lapse of five years following deposition irrespective of the above choice.

Will not be release.
